## FEDERAL BUREAU PRISONS

Name of Inmate: Ramos, Domingo	Reg. No.: 78693-054	Hearing Date: 12/18/18
-----------------------------------	------------------------	---------------------------

The DHO finds on September 15, 2018, you were involved in a fight.

Specific evidence relied on to support this finding is the incident report written by T. Doctor. She states on October 25, 2018 an SIS investigation was concluded. The investigation determined that on September 15, 2018, inmate Ramos, Domingo, Reg. No. 78693-054 was observed by staff swinging a closed fist punch towards another inmate whom staff was unable to identify. The unit was secured and upper body checks were initiated. Inmate Burgess, Tyshawn #85774-054 was identified as the other assailant. Health Services staff identified Ramos with a scrape to the back of his head area and right elbow. Additionally, Burgess was identified with a minor injury to his right index finger. Based on the information received an incident report for 201 fighting with another person is warranted.

Based on the incident report and supporting documentation, the DHO finds you committed prohibited act - 201(Fighting with another person)

VI. SANCTION OR ACTION TAKEN (List each prohibited act with respective sanctions for that act):  
201

Disciplinary Segregation: 15 Days

Disciplinary Segregation: 15 Days - Suspended pending 180 days clear conduct

Loss of Email for 120 Days

VII. REASON FOR EACH SANCTION OR ACTION TAKEN:

Fighting within a Bureau of Prisons' facility will not be tolerated. It endangers the safety of both staff and inmates, thereby, jeopardizing the security and orderly running of the institution.

Disciplinary Segregation time has been imposed. Good Conduct Time is given to inmates who maintain clear conduct. Failure to do so will result in the Disallowance/Forfeiture of Good Conduct Time. Although this incident does not involve a privilege, the DHO feels the Loss of Email may impress upon you the seriousness of your actions.

VIII. APPEAL RIGHTS: X The inmate has been advised of the findings, specific evidence relied on action and reasons for the action. The inmate has been advised of the right to appeal this action within 20 calendar days under the Administrative Remedy Procedure. A copy of this report has been given to the inmate.

**Part A - REASON FOR APPEAL** Reason for my appeal is to clear up a misconception about the incident in question. I was not engaged in any offensive action as per the staff statement of my "swinging a closed fist punch." I was attempting to deflect the weapons being used against me, (eg a lock in sock and a razor/knife) The staff member's angle of view could easily have been obstructed so as not to see this detail. Further, The injuries documented by health services staff clearly indicate I had defensive wounds only. I believe that an allowance is to be made in cases where an inmate is the non aggressor and does not retaliate offensively. Wounds to the back of my head and elbow clearly demonstrate I was not physically in a position to strike an offensive blow.

To: The Honorable Paul A. Engelmayer

I hope you and your loved ones are doing well. Your Honor please excuse me for any inconvenience I may be causing you. You have been very understanding, compassionate and patient with me. I sincerely thank you for that.

Your Honor I have tried to reach my attorney numerous occasions via phone and email. It has been about two months now. I have not heard anything, so I hope he is well. And we settled our differences the last time we spoke via video conference. I apologized to him for overreacting in my last letter to you. I really do appreciate the effort he made for my compassionate release motion. So me writing you direct is not due to any negligence on his behalf. We just have not been able to connect and my need of assistance is becoming urgent.

I think an attempt was made on my life. I will explain why I feel this way. First I want to give you a recap of the events leading up to this last situation.

On August 2, 2017 was my third meeting with my prosecutor. It was also my last. At this meeting I was told to give in all the contraband I admitted to having. On August 3, 2017 I gave in a cell phone and a weapon I gave the phone chip in so they can see I was only in contact

with my children. The first attempted assault on me was on August 2, 2017 after arriving from the meeting. I did not directly go to the officer on duty because, at that time then I would have <sup>not</sup> been able to deny that I was cooperating. I was not willing to chance something happening to one of my loved ones. I was living on the Kingsbridge Rd and Jerome Ave at the time and one of the unknown persons in my case was or should I say is a member of the Dominican gang who at the time controlled St. James park right across the street from my apartment at the time. I begged the prosecution not to put separations on me so my family would not be placed in jeopardy. The only unit I had no co-defendants in was 11 North. But I had informed them of someone there I had worked with. I gave them his name and when I gave in my contraband he was caught with an icepick. That he tried to use on me. I was able to fend off the attack. Now this gang that operated across the street from my house were responsible for numerous acts of violence including murder. So I was very afraid for my son who was 12 at the time and play in the park with his friends. These guys were even killing kids. They are here at MCC right now for all those murders. Including the young kid Junior R.I.P.

Now when I was taken to S.H.U. I explained my situation to an officer who then called the S.I.S. Lt. Doctor in order to give me a phone call to make sure my son stayed home she made me tell her where I got the phone from. I told her the name

of the inmate and staff involved. She then asked why I didn't tell my prosecutor where I got the phone from. I told them that I was scheduled to go to another meeting and meet with another prosecutor who was conducting an investigation within the B.O.P. I had no idea at the time how like the Lt. I mentioned was here at the facility. Neither did I know that Lt. Doctor had affiliations to every blood set original Blood sets. This I heard from her own mouth.

I was given a Incident report for the things I gave in and My Prosecutor was told that I said she gave me permission to have them. That was a lie and I was never given the chance to explain myself. They never not once tried to help me the way I have seen them help other people here with thier Prosecutors. They canceled my move to G.E.O.

My PSI states I only did 30 days in segregation for that ticket I did 64 days. In Dec, I was given a new attorney. I told Mr. Joyce everything that happened he said he would take care of it. My seperations were still in place and I was targeted becuase of it. Mr. Joyce informed me they did not want to use me because of the incident that took place. I asked for the seps to be lifted, to give me an offer. The goverment wanted to wait to see if some one other then Polanco would goto trial in order to use me. All Mr Joyce would tell me is to not worry about it that I would be okay. I kept telling him I was having problems. I would not get any responce from him.

On April 29, 2018 I was caught with an ice pick. A week before that I had gotten jumped

by two bloods and a crip. I got jumped because some how they found out I was telling the consular I didn't feel safe after seeing my bunkie (cellmate) stabbed for being a snitch. I told my consular who it was and I also told them they carry shanks. A few guys I knew stepped in and made the top gang members leave me alone if they didn't have proof. To be honest I put a slip on myself and got taken to S.H.U. I never admitted this to no one until now. I was ashamed of being scared. I told Lt Doctor I was afraid for my safety I was in S.H.U. about two months before she (Lt Doctor) Sanctioned me to 45 more days not counting what I had waited to see D.H.O. She took 27 days good time before I was sentenced. Due to technicalities I should of gotten the ticket overturned I was never given a disposition in order to appeal. Someone else who was a blood got his ticket overturned at once, on the same technicality. She favors all bloods in all her hearings.

On September 15, 2018 I was jumped for the last time. Information I had gave the prosecution was used to enhance, one of my co-defendants (Palmeres) and the paperwork started to circulate and I was assaulted. I was given a incident report for fighting when my injuries clearly indicated I was on the defensive side of the matter. Mr. Joyce asked me if I went to the hospital when I said no he lost all interest. I was sanctioned 15 days after being in S.H.U. for about three months. I was ~~was~~ released from S.H.U. on Jan. 3, 2019. I made a big deal about it to the warden at the time I was so beaten and depressed that I said I wanted to

Kill myself because of all of the injustices I was going through at the facility. He made Lt. Doctor give me my disposition in order to appeal. I never got any response after I was told I put it in to late but again the warden made my consular give me a paper for an extension. A few weeks ago an officer feeling sorry for me cause he knows everything I been through gave me my appeal that was still in a draw and was never sent out. Apart from all this my property was given away everytime I went to the box. An orderly in the box intercepted a letter sent from one blood member to a high ranking member asking for an all out hit on me for gate banging (snitching) I gave it to my attorney nothing was ever done about it I know the hand writing could have been matched.

Just recently Your Honor I started smoking tobacco and some one laced a ~~cigar~~ cigarette sold to me with K-2 I over dosed and was treated. I don't know what they gave me to bring me back. Before this happened I sent an email to my lawyer asking him to please get me out of here because of the drugs and gang violence. I tried to print out the email but there is no paper in the printer. I had told staff as well and one staff made a joke telling me not to tell on them in front of other inmates. Bloods tried to jump me saying I was a snitch. If these cameras hold data I can prove it, it should show 5 of them in front of my cell telling me to pack up or die. Again someone intervened on my behalf, "No black and white leave him alone". I told my consular and the hearing officer and no one did nothing I could have lied because my urines came out clean. But I choose to tell the truth. And

for that I lost 41 days more of good time. And was put back in the same unit. I feel as if someone wants me to retaliate and get a new charge. I'm afraid to even mention certain staff by name in case this gets opened. I have waited for an officer to be on duty that I feel won't be involved in any corrupted activities,

Your Honor am I wrong to want to live in a drug free safe environment. Do I have the right to it being that I was once selling poison myself. Is there ever going to be an ending to my suffering. I am so tired of fighting of being scared. As a young boy I would go hungry and always be scared sleeping on roof tops and parks. If it weren't for my kids I would have given up a long time ago,

It has taken me so long to write this I was cuffed so tight on Sep 27 2020 that until today NOV 2 I still can't feel my thumb and index finger all the way down to my ~~ankle~~ wrist and I still have not been called for an X-ray. I am in constant pain. I hurt my back and I could hardly walk or even stand and I was not even taken to medical all I was given was Ibuprofen.

Gangs run this jail so much drugs are sold here it should not be this way. I want to help, it needs to stop. Please help me. IF there is nothing you can do about what is going on here can you have me moved. A new date was given to me due to the covid 10. 10. 2023 is the date I know you want me to have more time in before you consider me for early release. I'll do anything I must your Honor my 15 year old has started drinking I feel it's my fault. I can't lose

him to the street your Honor I'll lose my mind. My intentions wasn't to ask you for early release again so soon. But 22 and 2 and along with every thing else I'm going through is really effecting me in a bad way. I been here 45 months I feel I been here 10 years already. I would like to go to an in-patient program for 12 to 18 months. Atleast out there I would be able to speak to my son everyday.

Everything I have said here I can prove given the chance.

Thank you for your time Your Honor. Just knowing your going to read this in the near future has made me feel better. I know your do what you can

Sincerely  
Domingo Ramos
